Since the arrest of [REDACTED] and [REDACTED] who were emerging as possible leaders of the new left and who were arrested and convicted for [REDACTED] [REDACTED] during a demonstration the SDS group has been very careful to avoid breaking any law and have been overly careful not to get in a position whereby they could be charged with a violation.

The situation at Texas Southern University (TSU), a predominantly Negro college in Houston, Texas has been stable since the TSU riots in May, 1967 which resulted in the death of a Houston police officer and five TSU students being charged with murder of the police officer. The trial of the five TSU students has been continued for one reason or another and is currently involved in a change of venue motion which motion itself has been continued until October, 1968. No other major issue is apparent at the present time at TSU and as long as the final outcome of the charges against the TSU five are put off there appears to be a "status quo" situation at the college which keeps things calm.

PROF. LARRY CAROLINE'S
visit to Texas A and M University with a group from the University of Texas has prompted State Sen. William Z. Moore to declare that the Students for a Democratic Society is not welcome at A and M.

Moore called the society a subversive, leftist influence.

"I cannot understand how Board Chairman Frank Irwin, Chancellor Harry Ransom and other University of Texas Officials can permit their faculty and students to travel around corrupting our young people," Moore said.

He said he plans to ask the Senate for "a full investigation of the subversive influence at the University of Texas."

ReSAlet 8/19/68.

Enclosed herewith are five copies of a reproduction of an article appearing in "Barron's" magazine entitled "Campus or Battleground? Columbia is a Warning to All American Universities."

This is a particularly hard-hitting indictment of the Columbia riots and the reaction of university officials thereto. It is believed that this article, written by an on-campus eyewitness, can be used to advantage in your Counterintelligence Program to inform other educators and administrators of the true nature of the New Left.

You may wish to furnish a copy of this article to your established sources at Texas A&M University. If such sources are not available, you should consider mailing several copies of it anonymously to the colleges' administrators. In making this anonymous mailing, you should also enclose a copy of the news article appearing in the "San Antonio Express" issue of 8/16/68 as furnished to you in referenced San Antonio letter.

In making these anonymous mailings, you should insure that all necessary steps are taken to preclude the identification of the Bureau as the mailer.

Senator Seeks Probe Into UT 'Subversion'

By KAREN ELLIOTT
News Editor

State Sen. William Moore of Bryan called Thursday for an investigation of "subversive influence at the University of Texas."

The legislator issued the call after a Wednesday night rally by a group of University students in Bryan's Travis Park. Speaker at the rally was Larry Caroline, assistant professor of philosophy at the University.

Caroline has been in Texas news since he called for a revolution at an October rally on the Texas Capitol grounds.

The group, Mother Grit's Austin Anarcho-Terroists New Left Beatnik Evangelical Traveling Troop, had taken its peace program to the college towns of San Marcos, Denton, and Commerce before going to Bryan, which is near Texas A&M University.

"We have never been on the campus in any of these towns," Caroline said. "What we are doing is 100 per cent legal and

in the good Texas tradition."

Baylor University in Waco is being considered by the Traveling Troop for its next stop, members said.

"I cannot understand how Regents Chairman Frank Erwin, Chancellor Harry Ransom, and other University of Texas officials can permit their faculty and students to travel around corrupting our young people," The Associated Press reported Moore as saying.

Erwin said he had heard nothing of the rally or Moore's request "so I have no comment."

Derelict, Says Moore

"As a member of the Senate Finance Committee charged with the responsibility for spending millions of dollars for higher education, I believe the people of Texas expect us to insure their tax money is being wisely spent," Moore said. "We will have been derelict in our duty if we have appropriated funds to pay the salary for professors who spend their time traveling around preaching revolution."

University President Norman Hackerman said unfavorable attention focused on the incident could hurt the University. "The more people are opposed to what we are doing, the harder it is to get financing (state funds)," he said.

When asked if the issue of free speech associated with Caroline could affect the University academically, Hackerman said, "There are those in the state who would rather have us lose our academic standing and have a greater mastery over their own affairs. My feeling is we should do nothing more to limit free speech at the University."

"I don't see how one incident indicates we are permissive. One honors his commitments even under stress," Hackerman said referring to Caroline's pending dismissal.

The Department of Philosophy Budget Council voted in May to give Caroline a terminal contract to expire May 31, 1969.

Breaking Down Barriers

The Traveling Troop does "whatever is most likely to break down hostilities and make the crowd listen and think," Caroline said.

A tape recorder or band supplies music. Literature and "The Rag," off-campus newspaper at the University, are sold or given to the audience, and a draft counselor accompanies the group.

"We also have a Head Shop to sell beads and other things hippies need such as cigarette papers and peace medallions," Caroline said.

A guerrilla theater presents skits while the speaker talks. "We involve the audience and then leave them to think about it," Kathy Gross, theater member, said.

Caroline said the Traveling Troop "makes use of my name because the press has built it up.

"I am not a leader of the group. I don't contribute most to it nor was I one of those who conceived the idea," Caroline said.

TELEPHONE INTERVIEW

Michael Klonsky denounces police brutality during Chicago incidents

MICHAEL Klonsky, National Secretary of SDS (Students for a Democratic Society), was interviewed by telephone by Radio Havana Cuba on August 28 during the incidents in Chicago.

Considerable attention has already been called to the fact that the police used the butts of their rifles, tear gas and MACE in their attacks on the thousands of persons protesting the Yankee war of aggression in Vietnam at the very moment when Hubert Humphrey was being nominated pres-

idential candidate at the Democratic Convention.

Klonsky spoke of these incidents in his telephone interview which we present here in full:

What can you tell us about the present situation in Chicago?

We have been fighting in the streets for four days. Many of our people have been beaten up, and many of them are in jail, but we are winning. We pushed the police out of Grant Park, and the people were still in the streets. They are going to be in the streets all night, and we are going to do anything we can to stop this farce (the Democratic National Convention) which is taking place in Chicago. The people are committed to carry on this fight not only in Chicago but throughout the United States. We are going to go back to the hotel (The Conrad Hilton) and down to the park again, and are going to carry on the fight all night until the Convention is over. The police have been very brutal, and a lot of people have been shot and a lot of people have been beaten up, but the young people have committed themselves to fight, and they are fighting very bravely.

The police and the National Guard have been very brutal. They have beaten people up at random; they have been tear-gassing us. I think there are at least 300 hurt tonight (Wednesday); a lot of policemen have been hurt, too. We have set up medical units, and I think we are winning. They have the guns and the gas and the clubs. We have been outmaneuvering and outfighting them. We have nothing but sticks and stones. All I can say is that the people have fought very well, and have been very brave. It's just that they outnumber us so badly, and they have much better weapons. We are just putting up the best fight we can.

The Yankee news agencies say that the police used MACE, and you know that the Department of Health, Education and Welfare of the U.S. Government — a scientific committee of the department — said recently that MACE could be very dangerous to the eyes and cause temporary blindness.

That is correct. Many people have been MACE'd in the eyes, and many people have been shot with shotguns. Some people were killed already several nights ago. People were MACE'd tonight; we were all tear-gassed, all gassed, and many people were beaten up.

(The message from the delegates of SDS in Cuba in which they urge their comrades to continue the struggle and create two, three, many Chicagos in the United States is read to Klonsky and he is asked to give his opinion on it.)

That's beautiful. That's very beautiful. That encourages us. What can I say but that we are all very excited and ready to go back to the streets again.

What is your opinion on the platform approved by the Democratic Convention?

We think it is irrelevant. It is not important. It is only important because a lot of the young people who were supporting McCarthy have now come to understand that the Democratic Convention was rigged, was phony, and are now joining us in the streets. Many, many McCarthy people are coming over because of the platform today.

We knew what was happening all along, and we knew that the people who control the Convention would not allow a peace platform to win in the Convention. It went just as we expected, and we are very enthusiastic about the response of the young people in Chicago. We think that the young people in America are going to turn the power structure upside down.

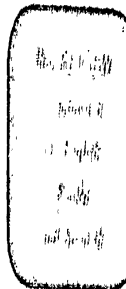

Michael, what are your immediate plans now?
To go back to the streets. That's what we are going to do.

Bishop Hits SDS Use Of UT Center

AUSTIN (AP) — Use of the University of Texas Catholic Student Center last week for a national committee meeting of the Students for a Democratic Society has been criticized by Catholic Bishop Louis J. Reicher.

The center was used for the March 28-30 meeting after the University of Texas refused to let the SDS meet on campus.

Bishop Reicher said he was "shocked" to learn through a newspaper that church property was being used.

"Catholics and non-Catholics in Texas and across the nation were understandably non-plussed, and indignant upon reading in the public press" that the SDS committee was allowed to use the center," he said.

"No one had informed me that the Students for a Democratic Society had asked permission to use our student center," he said.

The bishop said he would have rejected the request because "the philosophy of Marx and Lenin are militantly opposed to" the Catholic faith and because "I am an American. . . I could not and would not turn over church property to an organization dedicated to bringing about a revolution which would destroy our nation and enslave its citizens."

The bishop said he regretted that the center was open to the SDS, and "by the same token, I trust that no further regrettable incidents will embarrass the Diocese of Austin, its bishop, its people and the Catholic Church."

Re Houston letter to Los Angeles dated 3/21/69,
and Houston letter to Director dated 2/18/69.

Enclosed herewith for the Sacramento Office are
copies of referenced letters, also a letter dated 6/17/69,
requesting that the Los Angeles Office furnish the information
requested by Houston. The letters of 3/21/69 and 2/18/69,
were previously forwarded to the Sacramento Office via routing
slip.

For the information of the Houston Office, the United
Farm Workers and their leader, CAESAR CHAVEZ, are headquartered
at Delano, California, P. O. Box 130, Delano. Delano,
California, is located in the territory of the Sacramento
Office.

It is the thought of the Los Angeles Office that
even if a UFW throwaway is obtained by the Sacramento Office,
this could possibly be sent to the FBI Laboratory and the
UFW letterhead duplicated.

No further investigation is being conducted by the
Los Angeles Office regarding this matter.

FBI director says no more

By George McElroy

Federal Bureau of Investigation Director Clarence M. Kelley said his agency would never again infiltrate and disrupt New Left activists unless legislation permitted it in a national crisis.

Speaking at a press conference

held in the Houston Oaks Hotel last Thursday, Kelley acknowledged that the F.B.I. -- following the orders of Director J. Edgar Hoover -- conducted secret nationwide surveillance against black extremists, including the Black Panthers.

The operation, which

was launched to "expose, disrupt, and otherwise neutralize" their activities, was known by the code name COINTELPRO, Kelley said it was a "counter-intelligence program."

In his 1968 order, Hoover emphasized that extremist groups would be controlled by disruption,

abandoning the traditional FBI role of gathering information of criminal activities since he ordered FBI agents and informers to use "reliable and cooperative news media representatives."

Kelley said "this activity was based on a situation which caused considerable concern"

New Left' probing...unless

the nation's security. He said Hoover ended the operation in 1971.

When this reporter asked Kelley if the information obtained about so-called black extremists would be destroyed, he said the information would remain in FBI files for future use.

"We cannot destroy the

files," Kelley said. However, he explained that the FBI will not make the files available to outsiders.

Kelley and Patrick Murphy, former police commissioner in New York City and Detroit, Mich., spoke favorable about the use of Law Enforcement Assistance Act (LEAA)

funds by the nation's major city police departments.

Murphy said he respected the opinions of those who oppose the acceptance of federal funds -- which include Houston Police Chief Herman Short and City Councilman Dick Gottlieb, a recent mayoral candidate.

Murphy, now director of the National Police Foundation, emphatically denied federal control or

interference where LEAA funds are used.

The FBI director and Murphy were in Houston

for an FBI-conducted Executive Management Symposium.

file. In each instance where a document has been classified in the HQ file, it will be necessary that the same classification, number of classifying officer, exemption category and date classified be noted on the field office original or copy of the communication. In every instance, the date of declassification will be indicated as "Indefinite."

In instances where the information set forth in the enclosed work paper is not clear, or set forth in a manner which does not permit location of the field office document to be classified, HQ should be advised and further information will be forwarded. All correspondence concerning this matter should, if possible, contain the number of the work paper page(s) (located at center top) in question.

In connection with this classification project, you should refer to the Manual of Rules and Regulations Part II, Section 4, pages 53-57b, for instructions relating to classification procedures. Any questions regarding classification matters should be directed to FBIHQ, attention: Classification Officer.

In addition to classifying documents in field office files which have already been classified at HQ, it will be incumbent upon each recipient having an SWP Disruption Program file to review it to insure all other documents which are classifiable are appropriately classified. This will include both intraoffice documents as well as documents furnished to other offices. In instances where another office has been furnished copies of a document, it is the responsibility of the originating office to furnish all recipients (excluding FBIHQ) sufficient information so they may classify their copies of the document in the same manner as the originator. Recipients not receiving work papers should review indices to insure any classifiable SWP Disruption Program material in their files is classified.

In classifying a document on a retroactive basis, bear in mind it is necessary to include the date the document was classified at FBIHQ, and the date the classification is actually affixed if classified in the field.

On or before 1/21/75, FBIHQ must be advised by each recipient of the completion of the project. FILE COPY

~~CONFIDENTIAL~~

Pursuant to instruction set forth in referenced Bureau nitel of 5/13/76, 175 true copy document items, with excised copies designated for the Bureau, U. S. Attorney, and Plaintiffs, were secured as the result of a thorough review of appropriate files in the Houston Office. In the interest of preserving the identification of these documents, after they were excised, the true copies of the documents have been attached to the excised "grease pencil" copies of the documents submitted herewith under the captions, "Houston Office Submission of True and Excised Copies for FBIHQ" and "Houston Office Submission of True and Excised Copies for U. S. Attorney." Further, each document submitted has been separately identified by an attached "paper tag" bearing a number corresponding to one of the 25 areas of inquiry, that were the interests of this file review as listed in referenced 5/13/76 Bureau nitel.

A complete set of the documents, true copy with "grease pencil" copy attached, submitted herewith to the Bureau, is being retained for possible future reference in Houston file 100-1051, Sub III, which is the administrative control and depository file relative to evidentiary matters and file reviews conducted at Houston regarding captioned lawsuit.

A thorough and complete review was conducted of COINTELPRO activity, which is administered through Houston file 105-2275, regarding the plaintiff organizations, 12 individual plaintiffs, and the 35 leaders of the organizations as identified in referenced 5/13/76 Bureau nitel. This review failed to reveal any information to indicate that COINTELPRO activity of any nature originated or was directed from the Houston Division against the plaintiff organizations, any of the 12 individual plaintiffs, or any of the 35 leaders of the SWP/YSA.

It is noted Houston advised the Bureau via referenced Houston "JUNE" nitel and airtel, both dated 5/24/76, that a search of Houston Elsur files relative to Tesur and Misur activity in

In conclusion, for the assistance of the Bureau in administering the information submitted herewith by the Houston Office, it is noted the review of Houston Office files in this instance revealed main files, all of the 100- classification, from which the documents submitted herewith were obtained, concerning only the following listed plaintiffs and 35 leaders, including front organizations controlled by SWP/YSA, relative to the 25 areas of inquiry set forth in referenced 5/13/76 Bureau nitel, as set forth hereafter:
